**Who's in Bed with the Butler**

**An American Farce by Michael Parker**

**Directed by Paul Marshall**

William Olden, a California billionaire, has died leaving almost all his assets to his only child, Constance. The exceptions are a \$22 million yacht bequeathed to an English woman, a \$25 million art collection to a French woman, and an antique car collection to a California girl. Constance arrives with her lawyer to contest the will, only to find the articles are missing. The butler has hired a woman to play his wife, an elderly deaf housekeeper with a pet rat, and an accident prone detective, all add up to unlimited laughter and crazyness.
